

NC-2525 YEARS OF NICKEL CREEK
1989-2014

TOUR ONE SHEET

TRAVELING PARTY

Nickel Creek will be traveling in a 45' bus and 16' trailer. Support is Secret Sisters, who are traveling in a 30' bandwagon bus with a 16' trailer.

Load in location and parking location should be the same spot at the venue and as close to the stage door as possible.

Nickel Creek is 11 people: 4 band, 6 crew and driver. Secret Sisters is 6 people: 4 band, 1 crew and driver.

LAUNDRY / DRY CLEANING

The tour will have laundry and dry cleaning needs from time to time. Please advise if laundry facilities are available in the venue or a recommended spot for "fluff and fold." Dry cleaning may also be needed on show day – please recommend a spot that can do same day turn around with a later drop off time.

HOSPITALITY / LOCAL GYM

There will be 15 people for lunch and 15 people for dinner. Lunch should be up from 12-3p and dinner should be up from 5:30p until 8:30p.

Nickel Creek prefers the majority of their hospitality to be shopped day before or day of and delivered to the bus so minimal items are in the dressing room and / or go to waste. We have a couple vegetarians on the road and no other diet restrictions.

The tour will need 5 dressing rooms:

1. Nickel Creek Dressing Room
2. Nickel Creek Rehearsal Room (can be same as dressing room if rooms are limited)
3. Crew Room
4. Production Office
5. Secret Sisters Dressing Room

I will send an updated hospitality list out 48-72 hours advance of the show based on current tour needs. We're not fans of wasting several bags of chips, salsa etc.!

We would also ask that you recommend a decent work out facility within a mile of the venue (YMCA, Planet Fitness, etc.) and if possible, provide 4 day passes.

AUDIO / LIGHTING / LOCAL CREW

The tour is carrying an audio and lighting package. We'll have a full stage package in addition to MON & FOH. We'll only need racks and stacks or give the house console a line from the tour console. We mix in mono and will need full access to any house limiters or EQs. Our audio package will cover both Nickel Creek and Secret Sisters. Tour crew will mix both acts.

Our lighting package will be ground stacked with the exception of a backdrop that is 40' wide x 20' tall. The drop is of minimal weight and can be hung on any fly rail in house. Please advise ASAP if no fly system is in place. Two follow spots may be needed and please reference the attached color guide for gels in the house rig.

Haze will be in use. Please advise ASAP if a sample of the backdrop will be needed for local fire marshal.

Color requests for the house plot:

Colors:

R24 Scarlett
R84 Zephyr Blue
R56 Gypsy Lavender
R316 Gallo Gold
181 Congo Blue
R3407 CTO
L281 CTB

All production is carried in our bus trailer. We'll need 6 hands for load in / out and initial set, 2 should be kept on for show call.

PRESS / PHOTO POLICY

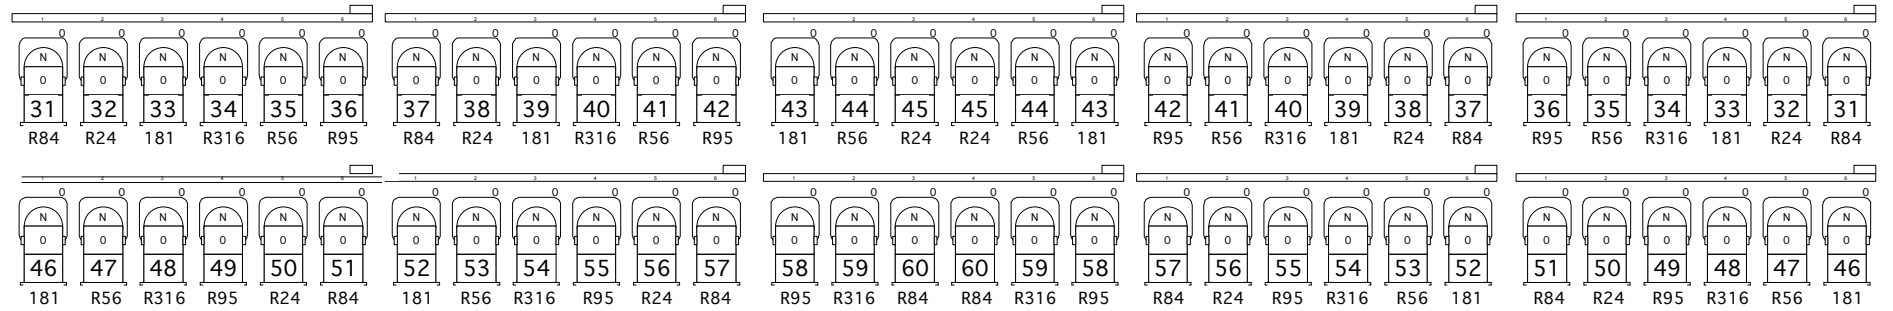

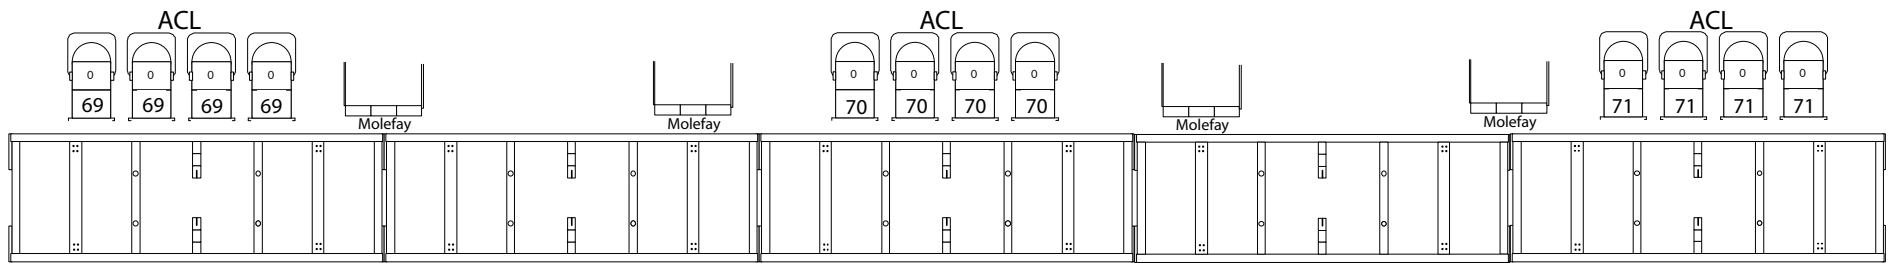

Any and all photo & press requests should be sent to Melissa Cusick at Nonesuch (melissa.cusick@nonesuch.com) – including house photographers! No press or photo requests will be approved day of without the blessing of management.

Should the photo request be approved, our photo policy is 2nd and 3rd song, no flash from the back and sides of house. NO pit or stage shooting allowed unless otherwise specified.
